EDUCATION

B.E. College Model School, Howrah—

Board- WBBSE (2014-2021)

Examination- Secondary Examination-88.74%

Board-WBCHSE

Examination- Higher Secondary Examination-82.4%

Currently Pursuing

Techno India University-EM 4,Sector V,Kolkata,West Bengal 700091— *Bachelor of Technology*
(2021-2025)

Stream- Computer Science and Engineering

Currently holding Cgpa of 8.3

SKILLS/QUALIFICATION

Coding Languages known-C++,C,Python,Java,SQL.

Participation in Coding contests on **Codechef**.

Made applications involving database management and GUI using PysimpleGUI.

Significant knowledge in Data Structures and Algorithms and Object-Oriented Programming (using C++ and Java).

PROJECTS

Smart India Hackathon (SIH) 2023— *A python GUI application involving tourism and historical places*

In this team project i was working on the applications database side of things. I contributed towards making the application able to upload and retrieve data from the sql servers (Using python connector for MYSQl)and also representing the data to the user. Given below is the link to my contributions in the project.

Github link:-https://github.com/Chakrabortysoura/SIH-Hackathon-contributions/tree/main

link(SIH project):-https://github.com/SohamAuditore/Smart-India-Hackathon

LANGUAGES

Bengali(Mother Tongue),

English,Hindi

STRENGTHS

1. Problem Solving

2. Hard Working

3.Desire to learn new things

4.Time Management

OBJECTIVES

While working on some projects with my classmates and exploring different algorithms and programming techniques i have managed to gain some experience how to put my programming knowledges to good use i still wish to work on real world problems to further improve my skills in the future.
